

Sales, Partner Program & Pricing FAQ

NimbusCloud Technologies Pvt Ltd — Revenue Operations Team

Document Code	REV-FAQ-011	Version	v1.3
Effective Date	20-May-2026	Owner	Head of Revenue Operations

1. Partner Program Overview

NimbusCloud Technologies Pvt Ltd offers a Reseller Partner Program for systems integrators and IT consultancies who wish to resell NimbusCloud Drive to their clients. Partners earn a margin on every license sold and gain access to partner-only training and deal-registration tools.

Partner Tier	Annual Resale Volume	Margin
Silver	Up to ■10,00,000	10%
Gold	■10,00,001 – ■50,00,000	15%
Platinum	Above ■50,00,000	20% + dedicated partner manager

2. Deal Registration

Partners must register a deal before engaging a prospective customer to receive margin protection. Deal registrations are valid for 90 days and can be extended once by 30 days if the sales cycle is still active.

3. Enterprise Contract Terms

Q: What is the minimum seat count for an Enterprise contract?

Enterprise contracts require a minimum of 100 seats and a 12-month commitment. Multi-year contracts (2 or 3 years) receive an additional 5–10% discount over the standard annual Enterprise rate.

Q: Can customers do a proof-of-concept (POC) before committing?

Yes. Sales can provision a 30-day POC environment with up to 25 seats and full Enterprise feature access, at no cost, for qualified opportunities above 100 seats.

Q: Is there a discount for upgrading mid-contract?

Customers upgrading from Business to Enterprise mid-contract are charged a prorated difference for the remaining contract term; no separate upgrade fee applies.

4. Competitive Positioning FAQs

Q: How does NimbusCloud Drive differ from generic consumer cloud storage tools?

NimbusCloud Drive is built specifically for organizational use, with admin-level controls (audit logs, DLP, SSO enforcement, eDiscovery) that consumer-grade storage tools generally do not offer, alongside SOC 2 Type II certification described in the Compliance & Data Protection Guidelines (LEG-COMP-021, Section 5).

5. Renewal & Churn Process

Customer Success reaches out to Business and Enterprise accounts 90 days before contract renewal to review usage and discuss any expansion needs. Accounts showing declining usage (more than 30% drop in monthly active users over a quarter) are flagged to the Customer Success team as at-risk for proactive outreach.
